

A special issue of

[World Applied Science Journal](#) (ISI Journal)

on

“Computer and Electrical Engineering”

### **Call for papers**

This issue aims to present the latest developments in the area of computer and Electrical Engineering both from theoretical and application perspective to capture the widest possible range of issues in this area.

Topics of interest include, but are not limited to:

- **Advanced Computer Architecture**
- **Software Engineering**
- **Computer Networks & Systems**
- **Database & Data Mining**
- **Neural Networks & Fuzzy Logic**
- **Intelligent Systems**
- **Robotics & Mechatronics**
- **Signal Processing & Image Processing**
- **Remote Sensing & Applications**
- **Communications & Wireless Systems**
- **Control Theory & Applications**
- **Circuits, Systems & VLSI**
- **Power Electronics & Systems**
- **Process Control/Industrial Automation**
- **Biomedical Engineering**

### **Submission Instructions**

Prospective Authors shall submit the PDF of their paper to the Special Issue on “Computer and Electrical Engineering” through the web <http://www.wasj.org>.

#### **Important Dates:**

- Deadline for submission: ~~June 31st 2009~~ (Extended to July 31<sup>th</sup> 2009)
- First Round of Reviews/Decisions: August, 10<sup>th</sup> 2009
- Resubmission of Revised Papers (if needed): August, 31<sup>st</sup> 2009
- Final Decisions to the authors: September, 10<sup>th</sup> 2009
- Issue Publication (scheduled): Fall 2009

#### **Guest Editor:**

Associate Prof. Dr. Hamid Hassanpour, Department of Information Technology & Computer Engineering, Shahrood University of Technology, Shahrood, Iran
